## Meeting July 2<sup>nd</sup> 2008

**In Attendance:** Al Birch, Doug & Beth Mather, Don Schmitz, Gavin Hendderick, Tammy Wright, Mike Trinko, John Pete, Robin & Hannah Orr, Jerry Seamans, Jason Scanlon, Ralph O'Meara, Lorie Bardwell, Bob Wurst, Bob Nichols, Bob Brace, Jim Kwiatkowski, Deb & John Whelpley, Chris & Jerry DeRosa, Tom Curtis, Gary Garis, Dave Cochran, Fran Yost, Duane Hogan, Basil Yurchak

**The Meeting was called to order at 7:33 PM**

The parking lot actually looked like a Mustang Club was meeting – great night for the ponies to be out and about!

**Treasurer's report:** given and approved.

**Minutes from the June meeting:** as printed in the Pony Post were approved.

### **Membership Report:**

4 new members – LEMOC membership is 86 strong!

The new members are: Mike Ashley, Larry Keith, Ralph O'Meara & Lorie Bardwell, and Christine Hall – Welcome to our newest members!!!!!!

### **Report from the Web-Master:**

The host company was “down” for a few days, so some changes haven't happened yet. Chris & Jerry DeRosa are experiencing some problems with their emails through the website, so if anyone is needing to contact the DeRosa's, please use their home email address: [mustang@velocity.net](mailto:mustang@velocity.net). Several members commented that the web page looks good!

**Historical report:** Chris is always accepting pictures for the club's scrapbook. If anyone has pictures to share of club events, she'll be glad to add them to the scrapbook.

### **Can-Am Report:**

**Conneaut Days Inn** is the “gathering place” for this event.

Friday night, there will be a cruise to the White Turkey and then on to the beach to visit and watch the sun set.

Saturday morning, everyone will cruise to Lake Shore Park in Ashtabula area and have lunch there.

Saturday evening the cruise will go to Geneva On-The-Lake and park at the Old Firehouse Winery. There will be time for everyone to take in the sites of the community. Afterwards, a stop at “Tastee Twist” or possibly Annabelle's is planned.

Sunday morning, everyone will cruise to Lake City Paint for a picnic lunch. A representative from McGuire's will be there—after lunch, people will be free to depart at their leisure.

Sounds like a fun-filled, activity packed weekend.

### **Car Show Report:**

Meeting for the committee and anyone interested is July 13th at John & Debbie Whelpley's house.

**\*\*\*Reminder for members, to be at the show site on the 10th of August at 8:00 AM\*\*\***

T-Shirt design for the event was shown and orders were taken. 50/50 tickets are available for members to sell prior to the day of the show. On July 19th, there will be a LEMOC car display at Lake Erie Speedway and 50/50 tickets will be available for the public to purchase.

Jerry DeRosa will apply for the games of chance license required.

Jerry DeRosa reminded everyone that **membership renewals are due by August 31, 2008** for 2009; (our memberships run from August to August). Also, new members do not pay twice in the membership year.

It was reported that the Yacht Club Cruise was great! There was a good club turnout, and a few other Mustang enthusiasts joined in, the weather was great. Jerry Seamans shared that the camaraderie of our club was commented on by several Yacht Club members.

At Buggin' State Street, there was a great turnout and great weather! Lots of spectators and nice cars!

Don Schmitz reminded everyone participating in the 4th of July Millcreek parade, needed to meet at McDonald's on Peninsula Drive at 8:00 AM

The new LEMOC stationery was passed around for members to see.

### **Comments fro the Good of the Order:**

Doug Mather shared the news that Keith & Vicki Owens (LEMOC members) attended the MCA National at Columbus, Ohio and came home with a Gold in the Concourse Driven class with their '68 California Special – *Congratulations, Keith & Vicki!* He asked if anyone else from the club was there and Robin Orr shared that she was able to attend and received a 2nd place in the modified trailered class and that Walt Grais received a 3rd in modified driven. *Congratulations to Robin and Walt!!!*

Doug also shared that he went to Nelson Ledges for a Track Day – what a great time he had!!!!!!!!!!!!!!!!!!!! He mentioned that this might be something the club may want to consider doing.

Pat & Al Birch are off to Colorado –enjoy!

Don Schmitz wished everyone a good 4th and to **remember the troops!**

Mike Trinko said that every Thursday there is a car cruise from 6 to 9 o'clock at the “Tastee Twist” in Lake City.

Robin Orr said she was able to judge at the MCA National in Columbus—had a good time even though there was some rain.

Jerry Seamans reported that a 302 engine will be going into the **Mystic Build**, so our club will contribute \$302 to the cause. This is not an MCA activity.

Jason Scanlon reminded those that will be displaying their Mustangs to be at the LES (Lake Erie Speedway) by 5:00 PM. Bob Wurst has converted his Mustang to burn wood – his alternative fuel, since gas prices are what they are! How's the mileage, Bob? He also said new membership cards would be issued upon renewal of one's membership.

Chris DeRosa said that anyone in the club that knows a crafter that might be interested in having a vendor spot at the Car Show, can have that crafter get in touch with Chris. Also, she had flyer that she prepared with the key information regarding the 45th anniversary sea cruise through MCA that will be this coming February, 2009. It is for Mustang enthusiasts. There is information about this cruise in the Mustang Times. Something to consider – would be a nice break in the weather.

Also, for those interested in going to the MCA National/International in Canada in August: a passport is not required, although, if you have one – use it. If you do not have a passport and don't want to get one, you need to have with you a photo ID, your birth certificate, the registration and proof of insurance for the car.

**The meeting was adjourned at 8:40 – it was great to see everyone!**

**Buggin' State Street** is **July 25<sup>th</sup>**, & **August 22<sup>nd</sup>** cruises begin at 6:00–be there early! (5-5:30)

Club members will try to park between 10th and 11th streets

Monday night **Cruise the Bay 2008** "*Lake Erie Classics*" is going strong. If you haven't been to one, you're missing a great time. 6-9 Every Monday – (Just remember that they don't have them on holidays).

*John V. Schultz* will be hosting "**BACK TO THE BEACH**" **Cruise-In** on **Aug 17<sup>th</sup>** 1-4

### **No Borders Inter-Nationals - 2008**

No Borders Inter-Nationals Mustang Show in Oakville, Ontario, Canada. This is the first ever MCA National Show held in Canada, and is being hosted by the Golden Horseshoe Mustang Club, **August 1-3, 2008**.

The GHMC members have supported LEMOC in many events over the years, and it is time for LEMOC to show our support for their first Mustang National Show. The GHMC is a very creative and active group, and if past activities are any indication, this event will be FANTASTIC.

A couple specific notes as taken from the GHMC No Borders web-site:

1. Passports are strongly suggested for travel to/from Canada and the USA. If you have not yet ordered yours, do it soon. At this time, adults can still re-enter the USA with a government issued Photo ID (ie. Driver's License) **AND** Proof of Citizenship (ie. Birth Certificate). Children 18 and under require Birth Certificate only.

**Note: This could change at any time. Get your passports now.**

2. You will need to provide Vehicle Registration and Proof of Insurance for your Mustang. If you are trailering a vehicle, the trailer **must** have a **Flammable Materials Sticker**.

Please remember to contact **Carol Yurchak** (866-6706) if you are aware of a need for a card to a LEMOC member (Congratulations, Get-Well, Sympathy, etc.). Everyone needs to assist in letting Carol know when this is needed. \*\*\*Carol is so good at this, she even remembered to send her self a Get-Well card. \*\*\*

\*\*\* Everybody *will* get their **New "LEMOC Membership Cards 2008-2009"**\*\*\*

When you pay your dues for 2008-2009 (August to August)

If you haven't received yours, *after you have paid*, just let us know.

Bob Wurst 814-825-9611 [wurstb@lemoc.com](mailto:wurstb@lemoc.com)

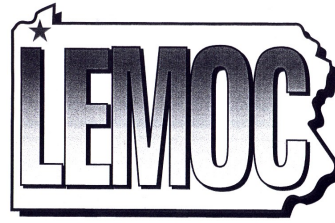

[Jim Cooney](#) at Thomas Lee Printing printed the cards.

### 351 Windsor and Cleveland Identification

<http://www.vintage-mustang.com/topics/faq/351windsorcleveland.html>

**Now a 351 Windsor is really a slightly enlarged 289/302**, as its name implies it comes from Fords "Windsor" engine family (a.k.a. the 90-degree, V engine family). The thin-wall cast SMALL BLOCK accepts regular sized spark plugs, uses a timing chain in the block, routes water through the intake manifold, features thin main-bearing caps, a very good oiling system, and uses the same heads for 2V & 4V versions. The heads are small, utilizing in-line valves with relatively small ports. The valves are 1.78" intake and 1.54" exhaust, i.e. the same size as a 289/302. The valve covers are straight (front to rear), attached by 5 bolts, and when removed you can see 351 cast in the lifter valley. The small side-by side (in-line) valves are the dead give-away.

**The 351 Cleveland, on the other hand, belongs to Ford's 335 engine family.** This thin-wall cast BIG SMALL BLOCK uses the smaller 14mm spark plugs, has a separate front cover (bolted to the block) housing the timing chain and routing water - so that water does not go through the intake manifold, features beefy main caps (wide enough to drill for 4-bolt mains), a poor oiling system, and uses different heads for 2V & 4V versions. The heads make all the difference and these fire breathing babies make this motor the legend it is. On the 4V, the valves are HUGE, measuring 2.19" intake and 1.7n" exhaust (don't remember exactly). Valves this large are only possible via a canted valve arrangement, forming what Ford refers to as a "poly-angle" combustion chamber. The valve covers are not straight - the front is flat and parallel to the ground, but a curve twists the rear parallel to the head. They are attached by 8-bolts and when removed, there is a 4 cast into the corner of the 4V and a 2 cast into the corner of the 2V (at least in 1970). The canted valves are the dead give-away.

Summary of Quick ID

351 Windsor	351 Cleveland
5-bolt straight valve covers	8 bolt 2-plane valve covers
radiator hose to the intake manifold	radiator hose does not connect to intake
regular 5/8" spark plugs	small 14mm spark plugs
